Rev. Father Wilds' EXPERIENCE.

The Rev. Z. P. Wilds, well-known city

missionary in New York, and brother of the

late eminent Judge Wilds, of the Massachu-

setts Supreme Court, writes as follows:

"78 E. 5th St., New York, May 16, 1882.

Messrs. J. C. AYER & Co., Gentlemen:

Last winter I was troubled with a most uncom-

fortable itching humor affecting more especially

my limbs, which itched so intolerably at night,

and burned so intensely, that I could scarcely bear

any clothing over them. I was also a sufferer

from a severe catarrh and catarrhal cough; my

appetite was poor, and my system a good deal run

down. Knowing the value of AYER'S SARSAPARILLA,

by observation of many other cases, and

from personal use in former years, I began taking

it for the above-named disorders. My appetite

improved almost from the first dose. After a

short time the fever and itching were allayed, and

all signs of irritation of the skin disappeared. My

catarrh and cough were also cured by the same

means, and my general health greatly improved,

until it is now excellent. I feel a hundred per

cent stronger, and I attribute these results to the

use of the SARSAPARILLA, which I recommend

with all confidence as the best blood medicine

ever devised. I took it in small doses three

times a day, and used, in all, less than two bottles.

I place these facts at your service, hoping their

publication may do good.

Yours respectfully, Z. P. WILDS."

The above instance is but one of the many con-

stantly coming to our notice, which prove the per-

fect adaptability of AYER'S SARSAPARILLA to

the cure of all diseases arising from impure or im-

perished blood, and a weakened vitality.

AYER'S SARSAPARILLA

cleanses, enriches, and strengthens the blood,

stimulates the action of the stomach and bowels,

and thereby enables the system to resist and over-

come the attacks of all Scrofulous Diseases, Eruptions

of the Skin, Rheumatism, Catarrh, General

Debility, and all disorders resulting from poor or

corrupted blood and a low state of the system.
